“You can design and create, and build the most wonderful place in the world. But it takes people to make the dream a reality”

– Walt Disney

The dream of a new Senior Center in Central Park has finally been realized! Throughout the process of seeking a new home for the Center, one theme has become abundantly clear: We are all getting older.

Statistics show that the number of older adults in the county continues to grow, as the youngest baby boomers have recently come of age. Many who have worked for decades on the planning, development and completion of this project are now senior citizens themselves!

Thank you to all of the dedicated individuals who have devoted your valuable time, talent and treasure to create this wonderful space. A special thanks to the Huntington Beach Council on Aging for your steadfast commitment to creating awareness of the evolving needs of Huntington Beach seniors and responding with resources for innovative services and programs.

When the doors to the new center officially open on July 10th, a new chapter also begins. Our work here has really just begun…great things are yet to be done!

The Senior Center in Central Park has long been a dream for many! Recognizing the need for expanding services to seniors and the growing number of Baby Boomers, a study was initiated over 10 years ago that documented the need for increased space to provide recreation and outreach to seniors in the community.

Spearheading the movement for a new Senior Center in Central Park was the Huntington Beach Council on Aging (HBCOA). Always at the forefront of emerging aging issues, the HBCOA was the first to pledge $100,000 towards the new building.

Hoag Hospital has long been a major stakeholder with HB Senior Services. With a focus on fitness and well being, Hoag Hospital supported the construction of the building as well as continued staffing and services through the new Hoag Health and Wellness Pavilion.

Edinger Medical Group and Orange Coast Memorial Medical Center have been long time supporters of the new Senior Center in Central Park and HB Senior Services. Their support of the new senior center will help expand activities, programs and care management services in the exciting years to come.

An active new vibrant senior center would not be possible if not for the efforts of hundreds of volunteers, contributing thousands of hours. By providing much needed support to visitors of the center, and providing direct services to the frail and elderly, the dream of the Senior Center in Central Park will become a reality.

Lastly, City staff has worked tirelessly over past two years preparing for this moment! The opening of the Senior Center in Central Park will provide functional and vibrant space for the legions of persons aged 50 plus in Huntington Beach! Welcome!
Welcome to the Senior Center in Central Park

Enter the new Senior Center and you will notice a feeling of openness as light pours through the Grand Entry windows overlooking the park. Our friendly volunteers will make you feel at home as you are welcomed and provided class, activity, and event information. Regular visitors will receive a unique slide card that gives access to a computer monitor where you will select the activities you plan to attend during your visit.

The Fitness Center is fully furnished with state-of-the-art user-friendly equipment. Classes, appointments with personal trainers, or independent workout times are available in the Fitness Center. (See page 18 for more information).

In addition to care managers and resource specialists, the Center has a travel and resource area, two classrooms for Lifelong Learning, a computer learning center, and game room. The Great Hall is your new destination for the lunch bunch.

Transportation Services will have a designated drop-off and pick-up area in front of the Center, complete with a passenger lounge and room for drivers.

We are confident you will find your time at the new Senior Center in Central Park to be a spectacular experience!

You are invited to the official ribbon cutting ceremony on Sunday, July 10!

Aging in Place

Social Services Resource Center

Huntington Beach Senior Services has long consisted of a combined approach to healthy aging: Rodgers Seniors Center providing recreation with a focus on active aging and Senior Outreach providing direct services to the frail and elderly. This work will continue under one roof with the new Senior Center in Central Park! Committed to the value of independence of the senior population who may face challenges, Senior Services will continue to operate three key programs that enhance independence with an emphasis of successfully aging in place.

Care Management

Care Managers focus on connections with programs and services for the frail and elderly, homebound and at-risk seniors. They connect seniors with services that assist elders in the city with physical, social and nutritional needs. Professional staff and volunteers work directly with older adults, their families and the community to facilitate independence and health. Care Managers make weekly, monthly or quarterly contact with seniors needing ongoing services. Services vary from short term to long term, depending on need. Care Managers work closely with the Home Delivered Meals (HDM) and Transportation staff.

Home Delivered Meals

For over 26 years the Home Delivered Meals (HDM) program has provided nutrition services to vulnerable, nutritionally at-risk, adults 60 years of age and older in Huntington Beach. On average, HDM serves approximately 140 people, 3 meals a day, 5 days a week totaling 94,000 meals served annually. Through the HDM program, at-risk clients may receive daily delivered meals, nutritional supplements, or grocery gift cards. Staff also provides referral and information to other social services available in the community.

Transportation/ Surf City Seniors on the Go!

The Surf City Seniors on the Go! Transportation program provides much needed mobility to keep seniors moving and healthy. The program offers non emergency medical trips and rides to the senior center for recreational and nutritional needs. Trips to any location in Huntington Beach including Huntington Beach Hospital, the busses, vans and sedans that make up the transportation service also travel to Hoag Hospital and Cancer Center in Newport Beach; Fountain Valley Hospital and Orange Coast Memorial Medical Center in neighboring Fountain Valley. Call 714-374-1742 and book a ride today. Seniors aged sixty years and older are eligible.
Officially recognized by the City Council of Huntington Beach as representing its local senior citizens, the HBCOA was awarded non-profit status in 1973 and has always been at the forefront of aging issues. During the design stage of the new Senior Center in Central Park, the City Council directed the HBCOA to provide input related to the overall design of the new center.

**Vision**
The Huntington Beach Council on Aging seeks to enhance the dignity and quality of life of Huntington Beach Seniors.

**Mission**
The Huntington Beach Council on Aging will create awareness of the evolving needs of Huntington Beach seniors and respond with resources for innovative services and programs.

**Senior Saturday Community Festival**

**Senior Saturday Community Festival**

**Saturday, September 10, Pier Plaza.**

One of Orange County’s largest Senior Expos, Senior Saturday features over 80 vendors and senior providers at Pier Plaza. Serving as one of the HBCOA’s major fundraisers, profits are used to support direct services to seniors in Huntington Beach. A great event for families and loved ones!
